102. Moritz-Heyman Scholarships (GB 74)

Members of Governing Body had considered a cover note and paper from the Conference of Colleges, giving details of the Moritz-Heyman Scholarship scheme and outlining broad principles on which college fundraising for disadvantaged students might be carried out. The Senior Tutor reported that one member of Governing Body had noted the preference given in the Moritz-Heyman scheme for those studying STEM (Science, Technology, Engineering and Medicine) subjects, and had emphasised the importance of ensuring the future fundraising is also targeted at the humanities, in order to ensure that these degree subjects do not become the preserve of the wealthy. It was agreed that this issue would be raised at the discussion due to take place in the Conference of Colleges in 9th Week.
