

## WHY DON'T YOU JOIN US?

The Language Centre is the University's home for all students and academic and professional staff who want to improve their language skills.

We offer teaching across 12 modern languages and English for academic purposes – from intensive short courses to in-depth three-term programmes – and from daytime to evening to suit your schedule.

We employ expert teachers who use modern teaching methods and high-quality resources to teach small groups and get results.

Our dedicated building in central Oxford is a haven for anyone in the University who wants to join our community of language lovers, with a library and language exchange scheme. It is also a space to share your language skills and exchange cultural experiences.

We help thousands of people of different ages and abilities to advance their languages and meet like-minded people each year.
