The Bursar advised that very significant financial challenges remained for College in the rest of the year ahead and beyond. While College would still be in surplus at the end of the financial year, the targeted annual 5% cash surplus, which generates future years’ working capital, was forecast to run at -0.2% this year, starting to reduce College reserves significantly.

ii. to replace the declined and dangerous pines in front of the China Centre and West Lawn with fast-growing species;

iii. to replace, eventually, the two beech trees in the row nearest the China Centre, which have a maximum remaining life of ten years. The Team are actively preparing for the replacement of these trees;

iv. to create a border along the Dickson Poon terrace fence line. The plan for a climbing vine had been agreed, but there was concern that the ornamental grasses proposed shouldn’t be too tall; and

On the recommendation of Finance Committee, the proposal to increase student rents for 2019-20 by 2.1%, compared with the 2018-19 rents agreed in March 2018, was approved.

The Bursar advised that it had also been agreed by Finance Committee that student rents and food costs should be de-coupled from one another in terms of proposed increases for 2019-20, especially given uncertainties over food prices after the UK leaves the EU.
