An update was received from the Principal.

323. Direct Mail Appeal (GB 286, 06.03.19)

An update was received from the Principal.

324. Annual Telethon Appeal (GB 287, 06.03.19)

The Principal advised that the Development Office had held its annual telethon appeal from 11-25 March 2019, to raise money for the College’s Discretionary Fund and increase engagement by calling approximately 2,000 alumni.

325. Baroness Warnock CH DBE

The Principal advised that the College had been saddened to learn of the death of Mary Warnock, the Baroness Warnock CH DBE, an Honorary Fellow of St Hugh’s, who died on 20 March 2019. The Vice-Principal advised that College was considering obtaining a photographic portrait of Baroness Warnock CH DBE for display in College.

326. St Hugh’s Future Project (GB 290, 06.03.19)

The Principal advised that she and the Director of Development had held a large number of meetings while in Hong Kong in March and that there was a very great amount of interest in the Future Project.

There was agreement that the Future Project had been designed not only to transform the student experience and the College’s buildings, but also to enhance the academic offering. It was noted that US alumni, met recently in New York, had been enthusiastic about the College’s academic research, especially the Brain Hub.

327. Refurbishment of Main Building (GB 227, 06.02.19)

The Principal advised that an Honorary Fellow had established a charitable foundation to provide Graduate Scholarships on an ongoing basis for St Hugh’s College. The foundation will provide scholarships to support graduate students from leading universities in South and East Asia in a variety of subjects. The foundation will cover the fees, living costs and travel expenses of up to eight students, and it was planned that students would, upon completion of their studies, spend six months working for an NGO as a way of giving back to society. The foundation planned to
give some of the funding immediately, so that the project can begin and potential candidates were already being identified to benefit under the scheme. There was great enthusiasm for the proposal, and it was suggested that priority might be given to DPhil students, rather than Masters’ students, in line with the strategy to boost Postgraduate research.

The Honorary Fellow and his wife wished to make a further substantial donation to College by funding a major refurbishment of Main Building, including the SCR and the creation of a new, additional Common Room, and parts of the gardens.

328. Report of the Independent Investigation into Non-Recent Allegations (GB 267, 06.03.19)

A list of withdrawals was noted.

332. Suspensions (SCC 1)

A list of students whose status is currently suspended was noted.

333. Undergraduates Returning to Study (SCC 1)

A list of students scheduled to return to study this term was noted.

334. Change of Course (SCC 1)

335. Deputy Catering Manager (GB 243, 06.02.19)

336. PREVENT Duty Annual Review (GB 205, 10.01.19)

The response from the Bursar to the Head of Prevent of 22 March 2019, outlining the College’s response to the recommendations of the pilot PREVENT Duty meeting for low-risk institutions, held on 28 November 2018 by the Office for Students, and the letter of 17 April 2019 from the Head of Prevent, confirming that the College demonstrated due regard to the Prevent Duty and
that the College is not at higher risk of non-compliance with Prevent, had been circulated and were received.

337. **Changes to the University Maternity Pay Policy and Associated Policies**

Information about changes to the University maternity pay policy and associated policies had been circulated and was received.

338. **Admissions**

The paper with Annual Admissions Statistical Report Briefing Points, a Supplementary Analysis of Admissions Data and the Annual Admissions Statistical Report 2019 had been circulated and were received. The Senior Tutor advised that while over the past three years, College admissions statistics were respectable, the past year’s figures, on their own, were disappointing.

It was noted that College was doing more, better, to improve the level of representation from students with different protected characteristics, but that the effects of these interventions would take time to convert into positive results. The Principal advised that the Offer Holder Day held for the first time in April 2019 had been beneficial in helping to build the relationship with offer holders and hopefully reduce attrition rates, although it was recognised that this was only one intervention and that more should be done.

The Tutor for Equality and Diversity advised that the UNIQ Summer School provided an opportunity to discover from potential applicants what more College could do to help them to apply to and succeed at College.

The difficulties for BME students where they might be one of only a few BME students in an institution were noted. The Riot Squad discussion group in Michaelmas Term 2018 had discussed this and had been very positive about the efforts that College was making, although there was more to be done.

The Open Offer scheme was praised in departments that ran the scheme, and it was noted that some Colleges accepted a greater number of applicants, but then reduced student numbers on the basis of academic performance at College. While it was considered that this approach might help increase diversity, the process was seen as running counter to the ethos that College had adopted of supporting students in all situations.

339. **Conference of Colleges** (GB 282, 06.03.19)

The Principal advised that Conference of Colleges was considering the revised College Contribution Scheme, but that College, currently, would be categorised more as a donor college than a receiver college for the Scheme. The Principal had attended a meeting of some of the poorer colleges in which there had been discussion of the need for the University to ‘tax’ richer colleges to help poorer ones, and that issues of parity between colleges in terms of the remuneration packages that could be offered to Fellows were of concern.

340. **MCR Feedback Survey Report** (GB 305, 06.03.19)

The MCR Feedback Survey Report had been circulated and was received. In the absence of an MCR representative, it had been agreed prior to the meeting that consideration of this item should be deferred to the 4th Week meeting of Governing Body.
341. Tutor for Equality and Diversity (GB 66, 31.10.19)

The Senior Tutor advised that the Tutor for Equality and Diversity would be demitting office at the end of the academic year, the end of her term as a Junior Research Fellow. Dr Atack was thanked for the considerable amount of work and impact that she had made in a short time in the role. Expressions of interest in the officership were sought, to take up appointment from October 2019.

342. Equality and Diversity Issues Arising

No issues were identified.

343. Date of Next Meeting

The Second Stated Meeting of the Governing Body in Trinity Term will be held on Wednesday, 22 May 2019 (4th Week) at 2.00pm in the Mordan Hall.

This ended the business of the meeting.
