18. Coronavirus (COVID-19) Pandemic Update (GB 431, 29.07.20)

The Bursar advised that the College was largely ready for the start of the new academic year and that a full range of measures had been put in place during the summer to make the College a COVID-19 secure environment ready for the return to site of Fellows, students and staff. Work undertaken had included bedroom conversions, supporting the installation of new kitchens and bathrooms to facilitate the formation of self-contained student households, the placing of signage around the College and the installation of protective screens in the Dining Hall and Wordsworth Room.

The success of these measures and the impact that COVID-19 will have on the College will now largely depend on the behaviour of individuals to follow the rules and provisions put in place and to observe the Government advice on social distancing, regular hand-washing, and wearing face coverings in all settings indoors in College, except in work offices when working alone or in households. It is certain, as with other institutions across the country, that Oxford will see a rise in cases as students return.

It was emphasised that teaching rooms must all be booked through the Conference Office. Strict cleaning regimes have been put in place and so it is imperative that no one simply drops into an empty room.

Many staff, including Catering and Housekeeping Teams are working in new and unfamiliar ways, with new systems and protocols in place, so Fellows are asked to be patient with any teething problems with the new systems and working practices.

The Bursar thanked the MCR and JCR Presidents, who had worked hard over the summer and had provided excellent co-operative support to the College during the preparations for the return of students to the College this term. 450 students are now on site and the College is 90% full. The University’s EAS testing system is now fully operational and there had been eleven tests carried out for College students in the past seven days, all of which had been negative. Procedures and protocols are in place for student households to go into isolation as soon as a test is ordered.
Most students have understood and readily complied with what is being asked of them and it has been a good start to the term so far. Most of the COVID-related regulations in place for students follow Government advice; the only exception is that College households are not allowed to mix. It was noted that this has the full support of the MCR and JCR.

The Bursar also advised that COVID restrictions have led the loss of many work stations in the Library, but that students can book teaching rooms for study groups through the Conference Office.

Information about COVID-related activity in College is all being published in one place on the website for Fellows, staff and students. This can be found on the main website at https://www.st-hughs.ox.ac.uk/currentstudents/coronavirus-covid-19-guidance/.

There has also been much non-COVID-related activity over the summer, including completion of the work on the refurbishment of the Wolfson Building (GB 378d ii, 17.06.20) and work on 9 and 10 Canterbury Road (GB 380, 17.06.20), now that the properties have returned to the College at the end of a long external lease. The Estates and Housekeeping Teams have worked very hard over the past six weeks, since the properties were vacated, to create more than 20 additional student rooms for this autumn, which have helped absorb the College’s high recruitment resulting from the events over the summer.

19. **SCR Meals**

The Bursar reminded Fellows to sign in for all SCR meals in the Wordsworth Room in Main Building, using the new Upay booking system, by no later than noon on the day before each meal. Take-away meals are also available from the Wordsworth Tea Room 12.30-7.00pm Mondays to Fridays.

20. **SCR Common Room**

The Bursar advised that the SCR Common Room is now open again, but only to make and take away hot drinks from the coffee machine. The Principal advised that her study in College, next to the SCR, could be used by Fellows if required. The key to the room would be available from a member of the Principal’s Team.

24. **The Vice-Principal**

Professor Garnett was appointed as Vice-Principal from Michaelmas Term 2020.

The outgoing Vice-Principal, Professor Moore, was thanked for his support of the Principal and for all his work as Vice-Principal during the past three years, including chairing the Student Support Committee.

25. **Election to an Honorary Fellowship**

Professor Cristian Capelli was elected to an Honorary Fellowship.

    The Principal advised that a review of the current Statutes and Bylaws by Professor Macnair had shown that there is an urgent need for a major review, which will be embarked upon this year. 45. Teaching in Michaelmas Term

The Senior Tutor wished all teaching staff well in the new term, especially with the new fresher students. The Senior Tutor will be pleased to receive feedback from any Fellows or lecturers about how their teaching is proceeding this term.

The Senior Tutor also thanked the JCR President and the JCR Committee, which had been exemplary in its advice and guidance to the College from the student body and had worked incredibly hard over the summer.

46. Dean’s Report 2019-20

A report from the Dean summarising Decanal business during the 2019-20 academic year had been circulated and was received.

47. Decanal Team (GB 165, 04.12.19)

The Dean advised that the Decanal Team had worked very well last year. The Assistant Dean position had changed in Hilary Term 2020 with Mr James Coates leaving College to take a
research position at Harvard University. At the start of HT20, Ms Kim Fuellenbach had taken on the role of Assistant Dean, which she had performed admirably, particularly considering the situation faced in Trinity Term 2020. The rest of the Team was stable for the duration of the year with Ms Sile Johnson, Mr Leon Romano Brandt, Mr Christopher Mason, and Ms Joana Bessa staying in post for all of 2019-20. At the end of Trinity Term 2020 Ms Kim Fuellenbach, completed her DPhil studies and moved from Oxford. Mr Chris Mason has been appointed as the new Assistant Dean for 2020-21, with Ms Eri Ichijo as new Junior Dean to complete the Team.

The Principal expressed her thanks to the Dean, the Assistant Dean, Ms Kim Fuellenbach, and the Junior Deans for all their work during the past year, particularly during the pandemic.

48. Library

The Library and Archive Fellow advised that the Library had re-opened at the start of 0th Week and was now open 24 hours a day. The Library now provided scanning, fetching and book delivery services for Fellows as well as for students. Fellows were asked to contact the Librarian, if any teaching materials were required in the current circumstances.

It was noted that the Bodleian Library was also open, but had many fewer seats and that the click and collect service was taking longer than usual.

The Archivist is currently still furloughed, but will return to the College normally at the end of October.

49. Equality Task Force (GB 441, 29.07.20)

The Principal advised that the Equality Task Force had met again earlier in 0th Week and that the Tutor for Equality had taken over the Chairing of this group. The Task Force has been working over the summer and had made a number of key recommendations, including that all Fellows and staff undertake online refresher training in discrimination and bias.

50. Governing Body Advisory Fellows (GB 393, 17.06.20)

The Principal advised that she, the Senior Tutor and the Tutor for Equality had now produced a shortlist of candidates for these roles. The shortlist will be circulated to Governing Body to consider.

51. Equality Training

The Tutor for Equality advised that there are plans for a professionally-delivered Race Awareness workshop for all students, with a follow-up workshop for all staff, academic and non-academic. Everyone was also strongly encouraged to (re-)take the University’s online training courses, delivered by the Equality and Diversity Unit at https://edu.admin.ox.ac.uk/training, particularly the short courses on Implicit Bias in the Workplace and on Tackling Race Bias at Work.

52. Supporting Students with Disabilities

The Advisory for Colleges – Students and Staff with Disabilities, from the Conference Disability Sub-Group and the Conference of Colleges’ paper on Implications and Mitigations of COVID-19 Measures for Disabled Students in 2020-21 had been circulated and were received. The Tutor for Equality advised that students with disabilities were often disproportionately affected by measures introduced to combat the COVID-19 pandemic. Everyone needs to be mindful of adverse impacts of the measures and to minimise these impacts where possible.
Some students have exemptions from wearing face masks. There is a scheme to signal this in the form of having cards, badges or a phone app. The student Presidents are promoting this scheme among the student body.

There is a need to be flexible about teaching arrangements as some students are anxious about face-to-face teaching and others may have difficulties with online teaching. Tutors should discuss how online teaching and face-to-face teaching are working with their personal Tutees, so that issues can be raised and addressed as early in term as possible.

53. Making Access Fair

Worcester College’s document, *Making Access Fair: Some Thoughts on this Year’s Admissions Cycle*, had been circulated and was received. The Tutor for Equality advised that the paper had helped in reflecting on the admissions process and how the College conducts interviews. There is a need to make adjustments for students from disadvantaged backgrounds, for example making sure that interview materials are realistic and manageable so that the candidates can give a fair account of themselves. Further, the College should be pro-active in compiling data on admissions in January and not waiting for the University to do this. It would be good for the College to create its own statement to show what it is doing.

There was strong support for this from the Governing Body, noting that as adjustments were being made for online interviews this year, this provided the perfect opportunity to consider processes at the same time. That by being pro-active in this way, and by signalling our actions, the College should encourage more students from disadvantaged backgrounds to apply to the College.

54. Student Volunteer Tutoring Scheme (GB 442, 29.07.20)

The Principal advised that a number of students from the College had volunteered as tutors for this scheme and were proving to be excellent ambassadors for the College.

55. College Audit 2019-20: Economy, Efficiency and Effectiveness Letter

The Economy, Efficiency and Effectiveness Letter to the University had been circulated and was approved.

The Governing Body of St Hugh’s College has considered the processes in place during the financial year ended 31 July 2020 and is satisfied that, with regard to public and publicly accountable funds received from the University of Oxford (out of grants from Office for Students and student fees) for the year ended 31 July 2020, the arrangements for achieving economy, efficiency and effectiveness were appropriate. In making this confirmation, members of the Governing Body are cognisant of their obligations as Charity Trustees to ensure that funds are correctly applied, in line with the objects of the College.

In making this confirmation, members of the Governing Body are cognisant of their obligations as Charity Trustees to ensure that funds are correctly applied, in line with the objects of the College.

57. Admissions Business

The Senior Tutor advised that the Law Faculty was pioneering a much revised admissions process whereby the department drove admissions, with college choice and the relative importance of interviews downplayed compared to current practice. This had the approval of the College Law
Fellows, as the scheme’s aims of greater diversity, fairer access, and stronger students, would be of likely benefit for the College’s own intake for the subject.

58. **New Student Numbers**

The Senior Tutor advised that 136 new Undergraduate students had arrived this week for the start of Michaelmas Term 2020, which was about 15 more than usual. The College is also welcoming 260 new Graduate students this term, 50 more than usual as a result of increased recruitment by the University.

59. **Conference of Colleges**

The Principal advised that the Conference of Colleges had met regularly throughout the summer and that the Secretariat had worked incredibly busily through the vacation. The Principal agreed to write to the Secretariat on behalf of the College, to thank them for working so diligently throughout the summer.

61. **Equality and Diversity Issues Arising**

No issues were identified, other than those raised by the Principal and the Tutor for Equality concerning Governing Body Advisory Fellows, Equality Training, Supporting Students with Disabilities, Making Access Fair and the Student Volunteer Tutoring Scheme (minutes 50-54).

62. **Environmental Issues Arising**

The Principal thanked the Gardening Team for the way they have looked after the gardens during the lockdown and over the summer and noted that they were using more environmentally-friendly methods of gardening, including the use of more natural fertilisers, the creation of wildflower meadows and not watering the lawns during the summer’s dry period.

The Principal also thanked the Head of Estates and the Estates Team for all their work on preparing for the new academic year and putting all the COVID measures into place as well as for their work on the Wolfson refurbishment project and the return of 9 and 10 Canterbury Road to student accommodation (see minute 18, above).

63. **Date of Next Meeting**

The Second Stated Meeting of the Governing Body in Michaelmas Term will be held on Wednesday, 4 November 2020 (4th Week) at 2.00pm in Microsoft Teams.

A Special Meeting of the Governing Body will be held at 1.45pm on the same day in Microsoft Teams for Scholars and Exhibitioners to make their declarations and be admitted.

This ended the business of the meeting.  

PROFESSOR D DOYLE, Secretary
